The Alinda Villas project offers state-of-the-art residences designed for tropical living comfort and convenience, located in a peaceful yet easily accessible area. It's conveniently situated near the famous Laguna Phuket Complex and the beautiful sandy beaches of Bangtao and Layan.

The project comprises a total of 9 single-story villas, each with unique sizes and layouts, and offering 3 or 4-bedroom floor plans. Each villa is designed in an L or U shape, encompassing a private swimming pool and garden that can be accessed from most parts of the villa.

The interior of each villa is designed to create a sense of spaciousness and brightness, with large floor-to-ceiling glass doors in every room. The open-plan living and dining area, stylish kitchen, and well-equipped bedrooms ensure the utmost comfort for all residents, including families of various sizes.

These villas are ideal as a rental investment or as a permanent family residence, offering tranquillity while still being conveniently close to local facilities and attractions.
