BAAN PAA TALEE - MAGNIFICENT 9-BEDROOM OCEANFRONT VILLA AT CAPE AMARIN

Bathrooms: 10

Bedrooms: 9

Lot size: 2395

Price: 84800

Year built: 2014

This architectural masterpiece designed by the world renowned architects Arte Charpentier. The ocean front 9 bedroom villa is located on a cliff overlooking the Andaman Sea in the picturesque

Cape Amarin Estate on the headland between Kamala and Patong, Phuket.

The villa has unique features that hosts a number of common areas, grand halls and a 25meter infinity pool. When walking into the villa there is an overwhelming sense of personal feeling into the design and layout as most of the villa is accessible through lush garden walkways or grand stairways leading into the second level. Aside from each room in the villa having panoramic sea views, the first floor has a bold identity defined by a dining room suitable to host 20 people, outdoor patio, five bedrooms and fully equipped fitness room suitable for all types of athletes and several group activities including a media room and pool table.

The villa truly has one of the most unique features in having a separate smaller villa with two bedrooms with a small kitchen to give guests the closest feel to the beach while listening to the ocean waves crash into the massive boulders that surround the property. Continuing through the jungle walkways, the villa has an observation deck with several lounge chairs capable of hosting the breathtaking sunsets Phuket has to offer.

This magnificent property is truly the definition of a luxury villa and what it should be. With a full team of dedicated staff, including a gourmet chef, daily maid service and a dedicated villa manager, the villa surly will impress anyone who has a keen eye for luxury experiences.
