

BAAN SUNG THAI - INCREDIBLE 17-BEDROOM LUXURY VILLA IN KAMALA

Bathrooms: 17

Bedrooms: 17

Price: 39600

This newly renovated luxury villa is built into Phuket's jungle mountainside. It offers amazing views of the surrounding hills, and overlooks Kamala valley and the Andaman Sea. This villa boasts a unique vertical design and its multiple levels, which are connected by a series of stairways, can be best conceptualized as the ascending layers of a pyramid.

Undoubtedly, this property's "tour de force" is its stunning interior design. It's long hallways and

large rooms are exquisitely decorated and furnished; and the prevalent use of wood and other organic materials produce warm tones that foster an elegant, yet comfortable atmosphere.

By day — with its pools, terraces, patios, jacuzzi and sun deck — it is a hedonist's paradise. Only by night however, is its full potential finally revealed; as the ambient lighting begins to mingle with the decor, the villa suddenly appears to magically come to life — an enchanting experience.

This property also houses an apartment complex — consisting of two 2-bedroom apartments and one 4-bedroom apartment — that is attached to the main villa; it has its own pool and patio area as well. This makes Baan Sung Thai the perfect place for extra large groups.
