Through innovative design and location, offers a unique combination of investment potential and an exclusive tropical lifestyle. To create such an opportunity the Developer has established a management company who will provide a comprehensive selection of services with an emphasis on apartment rentals.

Phuket is an established premier holiday destination and is one of the best short haul islands for markets from Hong Kong, Singapore, Japan and Korea and an increasing number of visitors from Europe and Australia. Future popularity of the island is assured. The long term holiday apartment rental market is growing with potential demand and capital growth expected to increase.
