

## COBALT 26 - LUXURY SPEEDBOAT

**Bathrooms:** 1

**Price:** 35000

**Property size:** 26 feet

**The Cobalt 262 is a radical blend of traditional Cobalt craftsmanship in the service of a bold, modern look.**

The yacht-certified 262 arrives with a sharper deadrise, reverse chines, and all-composite construction in an aggressive profile that suggests the performance of the 262's high-end power options.

The Venetian lines of the 262 sweep in the style of the limousine speed boats common to European waters. Configured around a wrap-around lounge, the cockpit is roomy and comfortable. The head compartment hides beneath lustrous wood trim at the console. With a walk-through transom and teak extending to the cabin's edge, the activity platform has become an intrinsic part of the floor plan.
