Building on the Banyan Tree Group's reputation for redefining hospitality, and Phuket's global appeal as a world-class resort destination, Dhawa Residences Phuket represents the debut of the Dhawa brand in Southeast Asia.

As part of the Dhawa Phuket integrated mixed-used development comprising condominium buildings and a hotel, the properties fuse imaginative design with absolute comfort and seamless technology.

Dhawa offer a choice of compact one-bedroom and two-bedroom units. Each intelligently-designed apartment comprises a master bedroom, bathroom with shower cubicle, private balconies, living, dining, and kitchen area.

The arrival of the Dhawa brand adds a new dimension to Laguna Phuket, Asia's Finest Integrated Resort, whose selection of sought-after leisure options offers residents and guests unlimited combinations of pleasure activities. Taking their place amongst well-established resorts like Banyan Tree, destination spas, and a championship golf course, Dhawa Residences are housed in three low-rise buildings looking out over a tranquil lagoon at the gateway to the award-winning resort complex, and on the doorstep of the popular shopping and dining complex Boat Avenue. Investors can opt to participate in the Dhawa Phuket rental programme that allows them to maximise returns by having their unit professionally managed by the hotel operator during times outside the owners' complimentary usage day.
