This Flawless Townhomes are ideal for smaller families, couples or single professionals who appreciate the functionality of a compact yet imaginative design without sacrificing the freedom of additional living spaces. All homeowners have the option to reconfigure the top floor of their Townhome to suit their own individual needs. So depending on residents' lifestyle preferences, additional dining, living, bedroom spaces or even a jacuzzi are all distinct possibilities.

Greener around the Corner: Corner-unit Townhomes are located at either end of a row. While identical in terms of configuration with the standard Townhomes, the corner units benefit from greater overall width, as well as an additional side lawn running down the length of the property.
