In the heart of Phuket there is a complex of three luxury villas and the best beaches such as Bang Tao, Layan, Surin are located only 15 minutes away from them; these beaches with their beauty and tenderness are always ready to capture the hearts of even the most experienced travelers and romantics.

These villas are located in a quiet, comfortable place where travellers are not disturbed by noise or by any other artifacts of civilization. There is absolute silence. At the same time, the villas are very big by the standards of Thai plots - 8000 sqm each. The villas are huge, (built-up area of each villa is 540 sq.m.), spacious and comfortable, as a result big companies, as well as families with children will definitely enjoy their vacation.

A famous Italian designer has made effort to design and equip each villa, his work, in conjunction with the great and unobtrusive service was appreciated by many of our guests. All three villas are exactly the same in size, the only differences is in the domestic interior and design. Therefore everyone will find the right place that will please them throughout the stay. One of the advantages of the villas is the huge pools. Each villa has its own (12.5 meters long 4.5 meters wide and a depth of 1.5 to 2 meters). However, as we know, there is no limit to perfection; in connection with this we constantly replenish our range of services, which are expected with the Five Star Hotels.

The rent of each villa includes transfer to / from the airport, cleaning every three days. Besides all, our guests have a chance to experience everything for which many travellers come to Thailand for directly in the villa. Thai massage, delicious Thai and Mediterranean dishes, a great variety of wines, revelations from a French chef, excursions as well as car hire - all this and much more is available for our guests. Concierge Service operates on a twenty four hour basis.

Our goal is to make holidays of our guests memorable and create an experience for them which would want to be repeated.
