

# NEW 1-BEDROOM SEAVIEW APARTMENTS ON KARON HILL

**Bathrooms:** 1

**Bedrooms:** 1

**Price:** 4000000

**Year built:** 2011

Eden Oasis is nestled on the hillside with panoramic views overlooking the Movenpick Resort & Spa and the bay of Karon. Surrounded by tropical jungle-covered mountains, Eden offers classic, open-

plan architecture blended in a modern-style resort setting.

Inspired by the sparkling bay views and rich mountain vistas, the resort interior was designed for luxurious modern living, by well-known hotel and resort designer Vincent Chye Tan. A brown and cream color scheme form the basis of his interiors and are consistently applied throughout.

Furniture, fabrics and fixtures, such as the European-style kitchen, along with the lighting, are all designed to enhance the modern aesthetic. The private quality of each guest room is contrasted by a balcony, with optional Jacuzzi tub, that offers views over the tropical forest, abundant mountain and ocean views while bathing.

The condominiums units come complete with air conditioning, hot/cold water, satellite TV, telephone, wireless internet, patio doors leading to private balcony, beautiful Western-style kitchen, and en-suite bathroom with shower and some units with Jacuzzis. Furniture packages are also available.

Eden Oasis offers a wide range of facilities and services such as full security, shared swimming pool, panoramic roof deck and bar with BBQ, and fitness center memberships available.
