Price: 26000000

Property size: 195.75

Phuket has long been recognised as an attractive international destination for travel & leisure. More recently Phuket has become a regional base for Asia Pacific living & as a full time living residence for the discerning global citizen. Property in Phuket, especially in the Laguna Resort & Bang Tao Beach area is highly sought after for holiday rentals – indeed Trichada is highly sought after, with good rental yields. It is therefore expected that Trichada will provide significant return on investment for those clients who wish to pursue that option.

The Chada is a traditional headpiece from Thai literature, worn in classical dance drama. The name evokes the image of our pitched roofs & the elegance of Thai culture. Situated in a tranquil location, a few minutes' drive from the 4 kilometres of stunning white sand which is Bang Tao Beach, & two minutes from the main entrance to Laguna Resort complex, Trichada enables a relaxing beach lifestyle. With international standard restaurants close by - you are ideally located to choose an evening dining by your pool, or enjoying the social whirl of Phuket!
